UNIVERSITY OF HAWAII

The University of Hawaii also offers courses especially designed for high school graduates wishing to prepare more fully for college. (see page 3)

SALUTE FROM ADVISORS

The final phase of your high school education is at hand. At this point, it will do well to take a backward glance at what each one of us has accomplished, and then look toward the future in the hope that we are prepared to face it squarely with what we have learned. Whether or not you can be confident of the kind of citizen you will be, will depend to a large degree on how much you have gained from your experience here at school.

It is our hope that you will cherish and utilize your education so that each one of you can indeed contribute to the building of a better world, for the future certainly lies in your hands.

May we extend our sincere good wishes for a bright future. It has been a pleasure serving as your advisors.

PRINCIPAL'S FAREWELL MESSAGE

Members of the Class of 1965:

Within a short time, you will be leaving the familiar scenes of the campus of Castle High School for a world of many different activities which you will follow to fulfill your varied aspirations. It will be a moment of sadness because giving up the security gained from familiarity with your environment for the insecurity of new activities in different places is always cause for discomfort.

I have utmost faith in youth and I am hopeful that you, too, will go forth to accept your respective challenge with a determination to do your best. What more can be asked of you?

Aloha and Best wishes!!

CASTLE FIRST

In September Castle will become the first secondary school on Oahu to use the "continuous progress program", popularly called the "non-graded system". It will be used only in the English department at first, to better meet the needs of the individual student. Students will be grouped according to ability rather than age and in phases rather than grades.

Ninth and tenth graders will be combined as well as juniors and seniors.

A team of Castle teachers has already visited non-graded schools on the mainland: Mrs. O'Sullivan, Mrs. H. Iwamoto, Mr. Yee, Miss McCullom and Mr. Kobashigawa.

This summer a special workshop will be held at Castle concerning the new program. Experts from many parts of the country will attend including:

- 1) Dr. Frank Brown, principal of Melbourne H.S., Fla.
- 2) Dr. Charles Keller, John Hay Fellows Foundation
- 3) Margaret Ryan, Newton School Dist. Massachusetts
- 4) Dr. A. Stocking, Williams College
- 5) Carnegie Tech specialist in Social Studies.

THE WAR ON POVERTY: *A Message to High School Seniors*

We believe high school seniors are mature enough to comprehend the tragedy of poverty—and to contribute meaningfully to the battle that is being waged against it.

Today the United States is committed to the greatest humanitarian cause in its history—a massive counter-attack on the causes of poverty, which are robbing 35,000,000 Americans of the opportunities most of us are free to pursue because we had the advantage of a decent start in life. That start has been denied to one-fifth of the nation's people. Thirteen million of them are children.

VISTA, Volunteers in Service to America, was organized to give individuals the opportunity to apply their talents in a compassionate national cause—to fight poverty in the front lines. Here, lack of education, poor health, unemployment, inadequate housing, and disrupted family relationships condemn people, often from childhood, to a life of futility. The work of VISTA volunteers is to help intervene with the tools of opportunity.

You will become eligible for VISTA once you are 18 and have completed high school. VISTA training will prepare you to take part in programs for the poor of all ages, in all parts of the country. Young people who plan to go to college later often enroll for a year both to help others and to enlarge their own capacities for teaching, social work, or careers in sociology, economics, law, and other fields.

Home base for VISTA volunteer groups can be a city

tenement row, a struggling farm community, an Indian reservation, or a migrant labor camp. Volunteers may help organize recreation programs or tutor children who are behind in school. Some serve as aides to social workers, as mental health assistants, as teachers of hobbies and crafts to the elderly. In VISTA, volunteers do whatever is needed to encourage people to find their way up from poverty.

The opportunities are great: you can help pave the way for an America in which the democratic ideal is big enough to encompass everyone.

Will you lend your abilities to people who live in need? Join the War on Poverty as a VISTA volunteer.

CPP ...

The "Continuous Progress Plan", our most ambitious curriculum improvement project to date, presents a significant opportunity to improve Castle High School's educational program. The plan involves classroom and curriculum changes designed to insure improvement of the reading ability of many students who have been unable to make progress in the traditional classes. The plan also provides for greater progress of the advanced students.

Our plan has aroused much interest among our faculty, parents and Department of Education officials.

BEHIND THE SCENES

Many members of the faculty and administration spend lunch hours meeting in various committees which keep Castle running smoothly.

One of the most important is the Curriculum Committee under Mrs. Minami which seeks to keep our courses of study up-to-date and meaningful.

Members of the community often sit in on the meetings.

Among the most active is the Continuous Progress Program Committee under Mrs. O'Sullivan. (More on CPP on page 6)

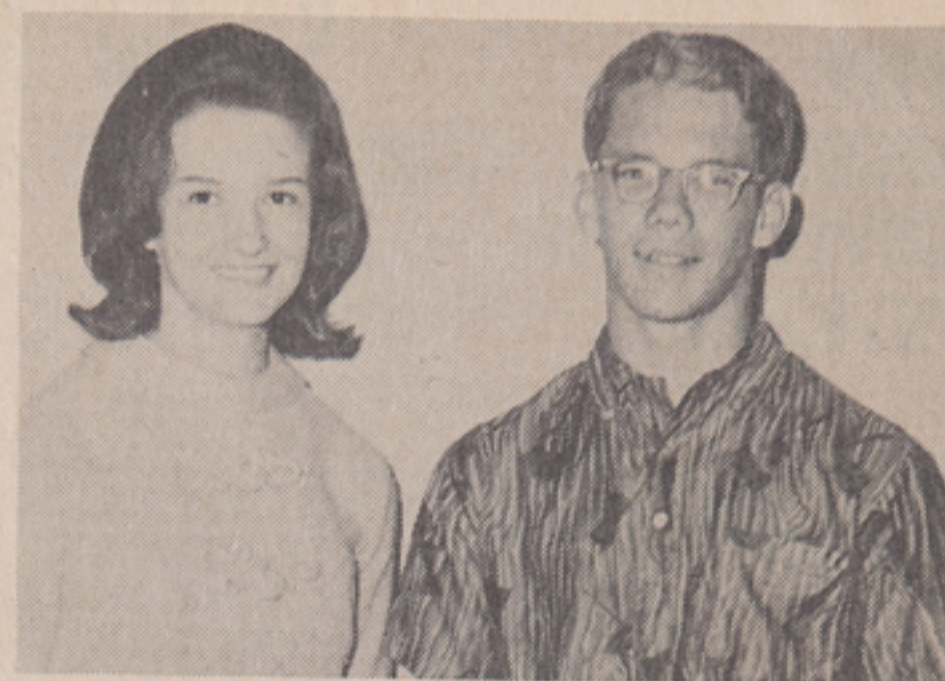

The Steering Committee under Mr. Go to serves an advisory board to the administration and helps keep school policy in effect.

Mr. Farrell is chairman of the Guidance Committee which serves as a liaison between the students, teachers, and administration.

A new committee has been formed, the Library Committee, which will try to find a solution to our lack of book shelf space. Mrs. Minami is in charge and several parents are on the committee.

Kaneoche Yellow Jacket Scholarship winners are as follows: Ivon Young 2nd place girl winner \$5.00 award, Marylynn Chun 1st place winner \$50.00 award, Dennis Akui 2nd place boy winner \$5.00 award.

Windward Theater Guilds bond winners are: Judy Baker from Castle High and William Allee from Kailua.
